## Reploid Elimination Not Completed

by Bradbury K. Wells  
Times Staff Writer

A new uprising is eminent in the battle to contain the Maverick Reploids that have broken away from their control center. Once believed to be completely contained, these Mavericks have been detected in an abandoned production factory, according to an intelligence report by well-known scientist Dr. Cain.

A special armada of Maverick Hunters was mobilized today to the production factory, but only one reploid has been able to penetrate the heavy artillery outside the factory.

*Mega Man X races to the abandoned reploid factory today.*

Known as Mega Man X, this same reploid had been primarily responsible for the apparent elimination of the threat six months ago. According to Dr. Cain's report, now Mega Man X will battle the Mavericks in an attempt to locate and destroy the leader of this new uprising.
