LEVELS

THE SEARCH FOR SOLO

Your first mission is to free Han Solo from the evil clutches of Jabba The Hutt. You'll begin your journey cruising in a landspeeder with Luke, Leia and Chewie as they race through the wasteland of Tatooine. Avoid the jagged rock protrusions and stay on the path.

Now select the character you want to brave Jawas and Gamorean guards en route to Jabba's Palace. Princess Leia, disguised as the bounty hunter Boushh, is the right woman for the job, but you will also be able to select either Luke or Chewie. Use the Control Pad to toggle between the characters. Press the START Button to make your character selection. Make your way past the Security Robot and enter the palace where you'll be able to select from either Luke, Leia or Chewie.

Then it's off to Jabba's lair to rescue Han and foil Jabba's plot. Stay clear of dancers, mercenaries and especially, the Rancor Pit.

OPERATION SHIELD GENERATOR

You've got Han, but Jabba's got Leia.

You'll begin this adventure as either Luke, Han or Chewie. Your goal first is to reach Jabba's sail barge. Defeat Jabba, then get off of the barge before it explodes! (No problem, right?!?)

The Death Star's shield generator is located on the forest moon of Endor. Destroy it, and the Empire will be in deep, uh...trouble. First, hop on your Speeder Bike and dodge giant trees and Imperial Biker Scouts. Then play Wicket the Ewok and weed your way through the forest, and unleash your arrows on giant dragon flies and laser-spitting geckos.

ATTACK ON THE DEATH STAR

The inevitable has arrived.

Play Lando and Nien Numb en route to the Death Star and unleash the Millennium Falcon against TIE Fighters and Interceptors when you initiate a surface attack on the Death Star. Don't retreat until every TIE Fighter is awash with flames. Then, infiltrate the shield generator as Han, Leia or Chewie before you, as Luke, head straight for the Emperor's Throne Room to face your destiny and confront Darth Vader and the Emperor.

After you conquer the Emperon, welcome to the ultimate Jedi test. Take the Millennium Falcon through the final tunnel run to obliterate the Death Star for all eternity.

This is it! May the Force be with you, young Jedi.
